Hui with Commissioners and Te Rangapu Mana Whenua o Tauranga Moana

Thursday 15th April 2021
Wairoa Marae, Tauranga
9.30am-1pm

Introduction (Background)

Te Ruruanga Te Keeti (10min)

- Who are we?
- Our History and background (kōrero from our old people)
- Our long term vision and goals

Impacts on the Hapu:

Dr Des Kahotea (15min)

- Where are we today?
- 1996 WAI 42 report
- Re: “Matters contrary to the TOW” & ‘relief sought’
- 2021 – 25 years later: We are the living result of Colonisation
- Loss of cultural landscape = erosion of identity
- Council constructs do not best serve us or our aspirations
- Eg. Smart Growth; they are distractions more than anything; mechanisms to control us and the narrative

Moving forward: 10-20-30yrs

Piripi Hikairo, Mokohiti Brown, Des Kahotea (10min)

- We are Te Tiriti Partners (basis for relationship)
- Co-governance/co-design/co-management arrangements & what this looks like for Wairoa hapu
- Reinstate Wairoa hapu as rangatira & kaitiaki over our natural resources
- Bottom lines re: protection of natural resources and Wairoa way of life

Summary/Key recommendations

Piripi/Mokohiti (10min)

- Enduring working relationship – becoming more efficient & effective than status quo arrangements
- Resourcing and opportunities must be equitable
- We want to develop our own spatial plans which will include development, cultural and other relevant plans
- Closing kōrero
