What do you think about the opening hours of bars and restaurants in the Tauranga City Centre?

We're proposing some changes to our Local Alcohol Policy, including a reduction in opening hours of licensed premises in the city centre with a proposed closing time of 2am instead of 3am.

Good call, any move to restrict the sale of alcohol can only benefit the community

[Mote Butler](#) it's hardly restricting the sale of alcohol, it's just pushing consumption to less controlled environments.

I'd rather those who drink, did so in well controlled environments than say, beaches, parks, the neighbours house...

Also will result in a "6 o'clock swill" at 2 a.m. 🤔🤔

TGA night life is a shambles. Not many Bars around that open after 11. So making it any earlier just promotes the point of no one going out to the CBD. Making the younger generation look else where to live for more of a vibe.
Rather think about attracting more people into the cbd which will adversely promote more businesses to operate, which will attract more people and then people don't end up going to the strip joint cause nothing is open so I have been told 😊. Devonport street already looks like a day of dead with every second shop on for lease.

Thanks for offering this up for discussion. Many cities have rushed into it over the last decade.

The city centre is pretty quiet...I reckon first provide activities and things to DO rather than just (expensive) places to eat and drink. People drink cause there's nothing else to do. Provide an alternative to drinking and then reassess the issue. 👍

Rather people drank in the controlled environment of a bar, so nah, can't support it.
People will still drink, they'll just drink elsewhere.

There's still time to share your views about the opening hours of bars and restaurants in the Tauranga City Centre.

We want to make some changes to our Local Alcohol Policy, including a reduction in opening hours of licensed premises in the city centre with a proposed closing time of 2am instead of 3am.

To see the draft policy and tell us what you think go to www.tauranga.govt.nz/lap

Feedback closes 20 December.

Why does the Council even ask the people?? It's not like they take any notice of what we want anyway!!

Perhaps drinking is to stop at 2am and entertainment can carry on till 3am. I think alcohol does enough damage in this society.

They close at 1 most places so why not give them more time to make money instead of ruining it for them none of them barely stay open till 3 am I'm always home by 2 because they closed the bar at 1
