

Social Media Comments on the Revised Draft LAP

Tauranga City Council
August 16 · 🌐

...

Our second round of consultation on Tauranga's Local Alcohol Policy (LAP) is now underway, proposing changes to when and where you can buy alcohol.

Following our initial round of consultation last year, we've listened to what you had to say, and are proposing further changes to help reduce alcohol harm in our community.

While many people consume alcohol responsibly, harm caused by the excessive or inappropriate consumption of alcohol impacts our communities. One way we can minimise this harm is to have a LAP in place.

We want to hear from everyone — even those who supported the last proposed changes — to ensure we're making the right call.

Have your say online by 16 September <https://bit.ly/3dBscZL>

It would also be great if the central CBD had a liquor ban.. having the drunks drinking on the beautiful waterfront during the middle of the day is not a great look to visitors or CBD workers trying to enjoy lunch in the park

Tanya Chaffey surely what you mean is it would be great if the liquor bans that are already there were actually enforced 😊

Chris Parnell

Really appreciate the Commissioners listening to the community feedback about closing hours. Great stuff.

Glenn Reid

Shop owners have reported it several times, some people even look at them, but have not fixed them.

Hey Glenn, sorry for the delay in getting back to you. We've followed up with Powerco who are planning to install new cables on Bureta Road. Please private message us and we will provide you with the reference number 😊

Bottle stores only with no more stores allowed in suburbs

Maybe you should try limiting where and when you can buy methamphetamine first?

And then maybe look at the alcohol problem

Council must avoid killing hospitality businesses with heavy restrictions. Look at what happened in Sydney...
