

PETITION

RECONSIDERATION OF TAURANGA DOG LICENSE FEES

Here are the signatories attached in email and yes I would like to attend the meeting on 18th November

For many of us in Tauranga City, our dogs are not just pets, but integral parts of our families, bringing joy, companionship, and even therapeutic benefits. Yet, the current license fee for dog owners seems to disregard this important bond, straining our budgets unnecessarily, especially for those of us living on a fixed income.

In the Bay of Plenty region, where Tauranga City is located, nearly 15% of the population are retirees, many of whom rely on a fixed income. While we understand the need for dog licensing fees to cover costs of animal control services, the current exorbitant rates pose an undue financial burden to many residents.

Yet, our city has a unique opportunity to follow in the footsteps of other regions who have found innovative solutions to manage similar situations, like the responsible dog owners fees implemented in Auckland, which offer reduced charges for elderly pet owners.

Given these circumstances, we are appealing to the local government of Tauranga City to reconsider the current dog license fees. Let's advocate for a system that is fair, affordable, and acknowledges the significant role that dogs have in our lives.

Our dogs are more than mere pets; they are a part of our family. They deserve better, and so do we.

If there is anything else you require, please let me know, If successful where to meet and what time.

Kind regards

Geoff Latter
