

AGENDA

Waiāri Kaitiaki Advisory Group meeting Wednesday, 11 June 2025

**I hereby give notice that a Waiāri Kaitiaki Advisory Group meeting will
be held on:**

Date: Wednesday, 11 June 2025

Time: 9.30am

**Location: Makahae Marae
Te Kahika Road West
Te Puke**

*Please note that this meeting will be livestreamed and the recording will be publicly available on
Tauranga City Council's website: www.tauranga.govt.nz.*

**Marty Grenfell
Chief Executive**

Terms of reference - Waiāri Kaitiaki Advisory Group

Membership

Co-chairs	Two members to be appointed as co-chairs. Cr Hautapu Baker; and Darlene Dinsdale – Mokopuna o Tia me Hei, Co-chair representative of iwi/hapū
Tauranga City Council representatives (2)	Cr Hautapu Baker Cr Steve Morris Alternate: Cr Hēmi Rolleston
Western Bay of Plenty District Council representatives (2)	Mayor James Denyer Deputy Mayor John Scrimgeour
Iwi/ hapū representatives (4)	Darlene Dinsdale – Mokopuna o Tia me Hei Manu Pene - Ngāti Whakaue ki Maketu (Te Hononga) Maru Tapsell – Te Kapu o Waitaha Helen Biel – Tapuika Iwi Authority
Iwi/hapū representatives (alternates)	Tapuika Iwi Authority Te Kapu o Waitaha Mokopuna o Tia me Hei Ngāti Whakaue ki Maketu (Te Hononga)
Bay of Plenty Regional Council representative (non-voting)	Consents Manager.
Quorum	Two representatives from the consent holders and two representatives from iwi/hapu, including one of the Co-chairs. However, where a major decision is required, the quorum will be one representative from each entity. The Bay of Plenty Regional Council representative is not counted towards quorum.
Decision-making	By consensus where possible. If consensus cannot be reached, by majority vote. If there is an equal number of votes, the Co-chair who is chairing the meeting has a casting vote.
Meeting frequency	Four times a year or as required by the group. Meetings to alternate between week and weekend days if possible.
Meeting venue	To alternate between marae and council venues; or as appropriate to a meeting agenda and agreed by the Co-chairs.

Advisory staff

Tauranga City Council	Chief Executive General Manager: Infrastructure Director: City Waters Manager: Water Services Manager: Water Infrastructure Outcomes Manager: Strategic Māori Engagement
Western Bay of Plenty District Council	Chief Executive Group Manager: Engineering Utilities Manager
Bay of Plenty Regional Council	Compliance Officer with responsibility for Resource Consent #65637

Ko te wai te ora o ngā mea katoa

Background

- The Waiāri Kaitiaki Advisory Group (WKAG) was established by consent conditions to provide advice to Tauranga City Council (TCC) and Western Bay of Plenty District Council (WBOPDC) as the joint consent holders in relation to matters covered under Resource Consent #65637, which authorises the take and use of water from the Waiāri Stream for municipal supply.
- Resource Consent #65637 was granted in 2010; since then there has been significant consolidation of iwi interests in the region.
- Te Kapu o Waitaha (2013) and Tapuika Iwi Authority (2014) have signed historic Treaty Settlements and Te Runanga o Ngāti Whakaue ki Maketu (Te Hononga) are still in negotiations.
- Tauranga City Council has active protocol agreements with Waitaha, Tapuika and Ngāti Whakaue ki Maketu including addendums that set out items and areas of significance to each entity.
- The treaty settlements, protocols, addendums and any subsequent plans submitted by Waitaha, Tapuika and Ngāti Whakaue ki Maketu shall be considered as background and context to the operations of the WKAG.
- Te Maru o Kaituna River Authority was established by the Tapuika Claims Settlement Act 2014 for the purpose of restoration, protection and enhancement of the environmental, cultural and spiritual health and wellbeing of the geographical area of the Kaituna River Catchment. It is a permanent joint committee under the Local Government Act 2002 and co-governance partnership between local authorities and iwi that share an interest in the Kaituna River. Recommendations will be made to Te Maru o Kaituna River Authority where required.

Role

- To exercise kaitiakitanga in relation to the Waiāri Stream to restore, protect and enhance the awa.
- To provide advice and recommendations to Tauranga City Council and Western Bay of Plenty District Council, as the joint consent holders, in relation to matters covered under Resource Consent #65637 which authorises the taking of water from the Waiāri Stream for municipal supply.

Scope

- Provide advice and recommendations to the consent holders relating to projects, action or research designed to restore, protect or enhance the health and well-being of the Waiāri Stream.
- Consider the monitoring requirements and outcomes under conditions 7.1 and 7.2 of the consent. Discuss the results of other monitoring undertaken by the group, which may include monitoring the adverse effects on environmental, heritage, cultural, economic and recreational aspects.
- Determine the actions to be taken in response to monitoring reports and make recommendations to the consent holders as appropriate.
- Provide advice and make recommendations to the consent holders and the Bay of Plenty Regional Council in relation to Part 2 and, in particular, to sections 6(e) and 7(a) of the Resource Management Act 1991, as they relate to this consent.
- Inform the Bay of Plenty Regional Council of the effects of the water take authorised under the consent on the mauri and mauriora of the Waiāri Stream.
- Review and provide feedback to Tauranga City Council and Western Bay of Plenty District Council on the Water Conservation Strategy required to be submitted as a condition of the consent.
- Discuss any other relevant matters that may be agreed by the group.
- Work together with the Kaitiaki Group established under Resource Consent RM16-0204-DC.04; which authorises the Western Bay of Plenty District Council to discharge treated wastewater from the Te Puke Wastewater Treatment Plant to the Waiāri Stream.
- Provide advice and recommendations to the consent holders on the future governance model of the Waiāri Stream.
- Provide recommendations to Te Maru o Kaituna River Authority where required.

Reporting

- The Waiāri Kaitiaki Advisory Group will report to its member entities key discussion points, outcomes and actions following each formal meeting of the Advisory Group.

Co-chair selection process

- Co-chairs will be appointed every three years in alignment with the local government election cycle. The appointments will take place as soon as is reasonably practical following local government elections.
- The Co-chair representing the consent holder will be appointed by the Tauranga City Council and Western Bay District Councils.
- The Co-chair representing iwi/hapū will be appointed by the iwi/hapū representatives.

NB: *Resource consent condition 10.2 defines the membership of the Waiāri Kaitiaki Advisory Group.*

Resource consent condition 10.7 notes that the Waiāri Kaitiaki Advisory Group shall cease if all members of the group agree the group is to be disbanded. In such case Tauranga City Council and Western Bay of Plenty District Council (as consent holders)¹ shall give written notice of this to the Chief Executive of the Bay of Plenty Regional Council.

Advice notes from Resource Consent #65637 include:

¹ Insertion made for clarity

- (10) *The Kaitiaki Advisory Group may make recommendations to the Regional Council to review conditions of this consent in accordance with condition 11 and s128 of the Resource Management Act 1991.*

For the avoidance of doubt, the Advisory Group is informal in nature and is NOT established as a committee, subcommittee or other subordinate decision-making bodies of Council under clause 30(1) of Schedule 7 of the Local Government Act 2002 and does not have any delegated decision-making powers.

8 BUSINESS

TIMESTAMP: 11:34

8.1 Appointment of Co-Chair to Waiāri Kaitiaki Advisory Group

The Chair opened this item and called for any nominations for the appointment of a co-chair.

Key Points

- Cr Morris nominated Cr Baker as Co-Chair for Waiari Kaitiaki Advisory Group.
- The chair noted that a nomination was received by Mayor James Denyer to to appoint Deputy Mayor John Scrimgeour as Co-Chair however, due to their apologies, they were unable to put this forward formally at the meeting. The Chair opened the floor for discussion to take place given the situation.

Discussion points raised

- It was noted that Tauranga City Council (TCC) were committed to the partnership with mana whenua around Waiari, whilst extracting water. They also wanted to support mana whenua around Waiari. He acknowledged that although the awa was in the Western Bay of Plenty District Council area, TCC were the consent holder and had invested in the water plant.

COMMITTEE RESOLUTION WA/25/1/2

Moved: Cr Steve Morris

Seconded: Ms Darlene Dinsdale

That the Waiāri Kaitiaki Advisory Group:

- (a) Receives the report "Appointment of Co-Chair to Waiāri Kaitiaki Advisory Group".
- (b) Recommends to Tauranga City Council and Western Bay of Plenty District Council that Councillor Hautapu Baker be appointed as the Co-Chair of Waiāri Kaitiaki Advisory Group.

CARRIED

In Favour: Darlene Dinsdale, Manu Pene, Cr Rod Taylor and Cr Steve Morris.

Against: Nil

Abstained: Cr Hautapu Baker.

TIMESTAMP: 17:40

8.2 Western Bay of Plenty District Council Report March 2025

External Chris Nepia, Manager: Kaupapa Maori, Western Bay of Plenty District Council
Jason Crummer, Senior Recreation Planner, Western Bay of Plenty District Council

Key Points

- Staff spoke to their report.
- Western Bay staff noted they established an internal working group within Western Bay of Plenty District Council to ensure better communication and efficiency amongst staff.
- Through this working group, staff recognised that the Kaituna Action Plan and the Waiari Cultural Recognition Framework had similarities and staff were working to incorporate these together where possible, to create better efficiency for better outcomes for the communities and the groups.
- Mr Crummer noted that the Waiari Bridge area river access was in the cultural recognition framework. This was noted as a high priority. The next steps were to complete the river access project by next summer.

Discussion points raised

- Councillor Taylor expressed that the project regarding river access at the Waiari Bridge needed to be taken more seriously and expressed concern around safety.

COMMITTEE RESOLUTION WA/25/1/3

Moved: Ms Darlene Dinsdale

Seconded: Cr Hautapu Baker

That the Waiāri Kaitiaki Advisory Group:

- (a) Receives the report "Western Bay of Plenty District Council Report March 2025".

CARRIED

TIMESTAMP: 34:20

8.3 Waiari Kaitiaki Advisory Group Operations Report

Staff Peter Bahrs, Manager: Water Services

Powerpoint Presentation

Key Points

- Mr Bahrs spoke to his presentation.
- The Waiari monthly flows on average was above the notification level.
- The biological monitoring was undertaken in February. Discussions had taken place with iwi to align the monitoring with the maramataka (Māori Lunar Calendar). A biological report will be shared at the next Waiari Kaitiaki Advisory Group meeting.

In response to questions

- As an overall concept for the water demand, TCC had done a lot of work in terms of demand reducing daily demands on average and peak.
- The Mauri Model was still under development but it was being used to establish trends for the Waiari which could be useful in the future to understand the well-being of the stream.

The Chair acknowledged Mr Luke Whare for his report which was included in the “Waiari Kaitiaki Advisory Group Operations Report” and his contribution to the Biological monitoring.

COMMITTEE RESOLUTION WA/25/1/4

Moved: Cr Hautapu Baker

Seconded: Mr Maru Tapsell

That the Waiāri Kaitiaki Advisory Group:

- (a) Receives the report "Waiari Kaitiaki Advisory Group Operations Report".
- (b) Provides feedback or comment on report, as needed.

TIMESTAMP: 50.40

8.4 Waiari Kaitiaki Advisory Group - Cultural Recognition Development Update March 2025

Staff Kelvin Hill, Manager: Water Infrastructure Outcomes

Powerpoint Presentation

Key Points

- The report was taken as read.
- Mr Hill spoke to his presentation and highlight the following:
 - The seven cultural recognition initiative developed by local iwi and hapu.
 - The funding through Long Term Plan from TCC was \$750,000 over three years.
 - The funding through Western Bay of Plenty District Council's (WBOPDC) Long Term Plan was \$1.1M
 - Six river access points had been identified. The aim was to be able to safely navigate a path from the bridge to the river. This road map was still a work in progress.
 - Water supply to local marae. Due to the structure of the trunk main, it was designed to move water from point a to point b, not to have small pipes leading off from it and feeding smaller areas. This was a work in progress.
 - Staff noted their plan going forward for the Cultural Recognition Program.

In response to questions

- Mr Fraser noted he would report back to the June 2025 meeting about funding opportunities available to assist with funding the Cultural Recognition Program.
- It was noted that more funding was required for the implementation of the cultural recognition program.
- Staff noted that the revenue gained from water rates was a process that needed to take place outside of this group.

Discussion points raised

- It was expressed that Cultural Recognition Initiative 7 – providing water to local marae, was of high importance for tangata whenua. Iwi felt like they had done a lot of ground work before the tap turned on and now that the tap was on and water was being taken from the Waiari, iwi had been put on the back burner.
- An additional resolution was added to reflect discussion regarding a meeting to be held with Executives from the three Councils (TCC, WBOPDC & BOPRC) to discuss the Cultural Recognition Program.

COMMITTEE RESOLUTION WA/25/1/5

Moved: Cr Steve Morris

Seconded: Cr Hautapu Baker

That the Waiāri Kaitiaki Advisory Group:

- (a) Receives the report "Waiari Kaitiaki Advisory Group - Cultural Recognition Development Update March 2025".
- (b) Requests a meeting with Mayors/Chair and Chief Executives from Tauranga City Council, Western bay of Plenty District Council and Bay of Plenty Regional Council to discuss matters relating to the Cultural Recognition Program.

CARRIED

9.1 Waiari Operational Report 11 June 2025

File Number: A18200809

Author: Peter Bahrs, **Manager:** Water Services

Authoriser: Wally Potts, **Acting General Manager:** Infrastructure

PURPOSE OF THE REPORT

1. To update the Waiāri Kaitiaki Advisory Group of Stream Flows and other Operational Activities

RECOMMENDATIONS

That the Waiāri Kaitiaki Advisory Group:

- (a) Receives the report "Waiari Operational Report 11 June 2025".
 - (b) Provides feedback or comment on report, as needed.
-

EXECUTIVE SUMMARY

2. Overall, while the Waiāri stream flows have shown a downward trend from December 2023 but the average flows remain at higher levels compared to the longer-term average flows.
3. The biomonitoring survey was undertaken in February 2025 and the draft report was only received late in May. The report will be sent to the WKAG members once finalised and will be reviewed at the next advisory group meeting.

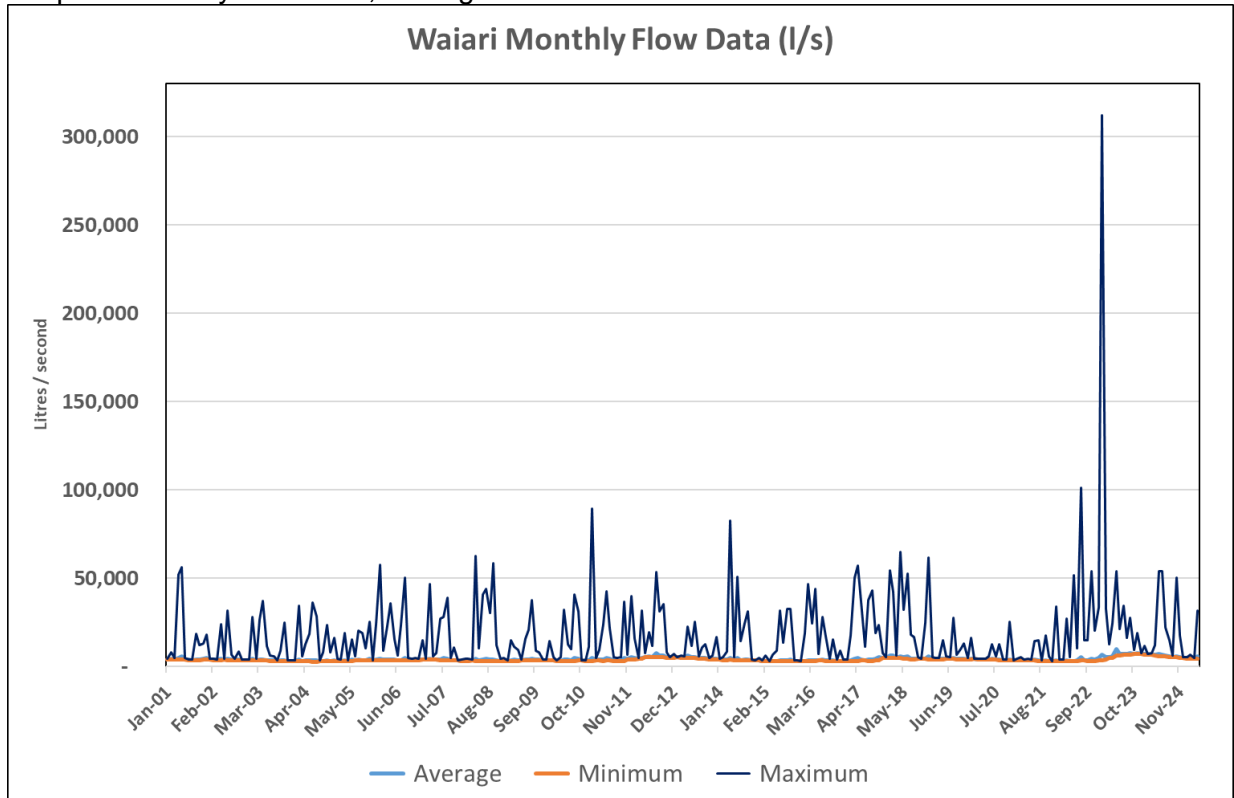

WAIĀRI STREAM FLOW DATA

4. The Waiāri stream flow for monthly average and minimum flows from January 2001 to end of April 2025 and is shown in the first graph below. The maximum flows have been omitted to allow better definition of the data.
5. The graph shows that overall, the Waiāri flows remain above the longer-term average flows (4,320 l/s), with an average flow of 5,760 l/s in April 2025. Flows have picked up following above average rainfall in April with the flows increasing from the March average of 4,530 l/s.

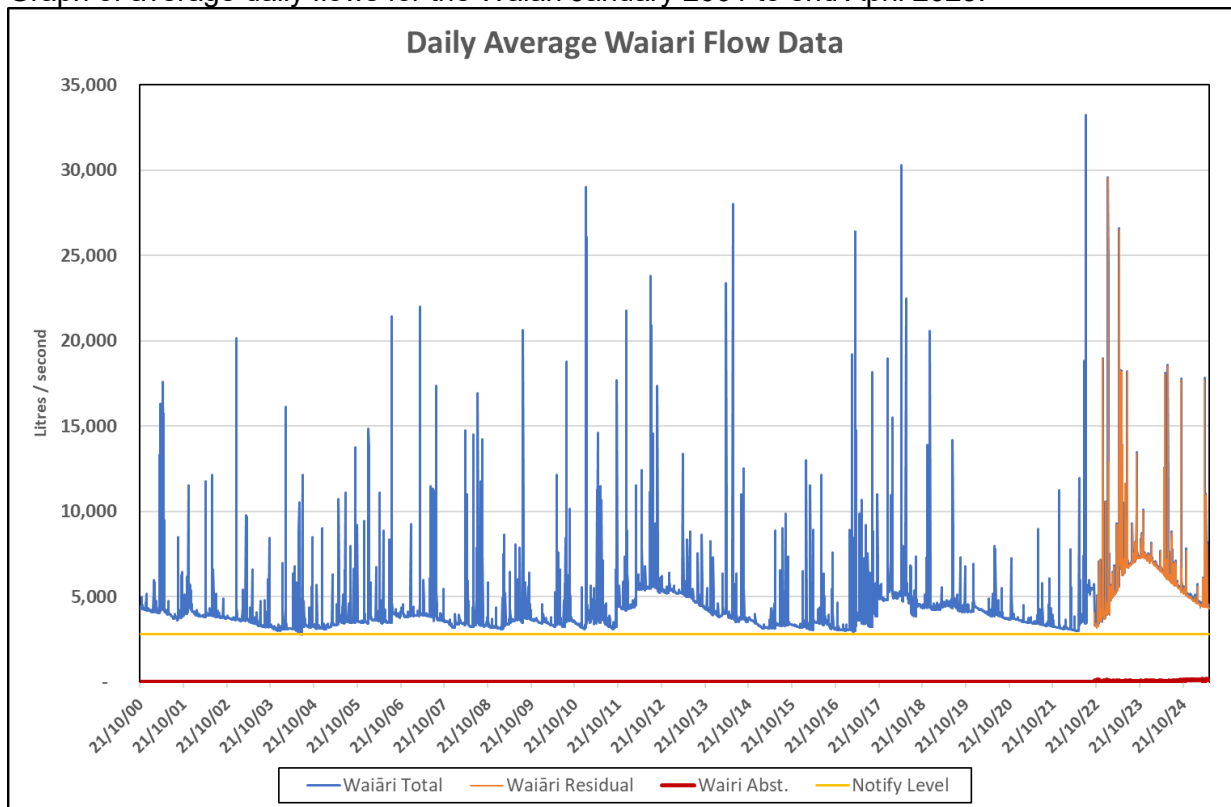

Graph of monthly average and minimum Waiāri Flows

Graph of monthly maximum, average and minimum Waiāri Flows.

Graph of average daily flows for the Waiāri January 2001 to end April 2025.

6. The graph shows total flow for the Waiāri January 2001 to end April 2025 and includes the amounts abstracted and the stream residual flow.
7. The average residual flow for April 2025 was about 5,440 litres per second (l/s) compared to the long-term average of about 4,320 l/s. This is about 26% more than the long-term average. This has however, dropped compared to April 2024 where flows were at about 6,600 l/s.
8. The average abstraction for April 2025 was 125 l/s with a maximum of 178 l/s.
9. The flow in TCC’s other two source water streams is showing similar trends.

WAIĀRI STREAM MONITORING

The annual stream biomonitoring survey was undertaken during the second week of February 2025. and the draft report was only received late in May and some additional items are required in the report prior to it being finalised. The report will be sent to the WKAG members once finalised and will be reviewed at the next advisory group meeting.

9.2 Project Update - Waiari Rest Area Restoration

File Number: A18279782

Author: Anahera Dinsdale, Governance Advisor

Authoriser: Clare Sullivan, Team Leader: Governance Services

PURPOSE OF THE REPORT

1. Western Bay of Plenty District Council staff will provide an update to the Waiari Kaitiaki Advisory Group on the Waiari Rest Area Restoration project

RECOMMENDATIONS

That the Waiāri Kaitiaki Advisory Group:

- (a) Receives the report "Project Update - Waiari Rest Area Restoration".

ATTACHMENTS

1. **WBOPDC update 11 June - Waiari Rest Area Restoration Project - A18279733**  
2. **Attachment 1 - Waiari river temporary rope handrail - A18279735**  
3. **Attachment 2 - Waiari bridge area draft concept May 2025 - A18279737**  

Waiari Rest Area Restoration Project

Project Scope

This project will deliver a new shared pathway bridge adjacent to the existing Te Puke highway bridge, along with an underpass beneath the highway to link nearby trails. It will also create safe, off-road access to the stream, with potential for future recreational areas where feasible. Interpretive signage, heritage storyboards, and markers acknowledging the area's historical and ongoing significance to local tāngata whenua are essential elements. To support the long-term health of the river, streambank erosion management works will also be undertaken.

Delivery Approach

Western Bay of Plenty District Council has commissioned BTW Company to manage the full delivery of the project. The project is being delivered in stages. In April 2025, a removable rope handrail was installed (**see Attachment 1**) to enable interim stream access. The next stage (June 2025 to March 2026) focuses on finalising a concept plan that outlines the key components of the project, including technical features, landscape integration, erosion management, and cultural values. This stage will be informed by site investigations and feasibility assessments and will include securing the necessary consents and approvals. It will also explore opportunities for future enhancements, such as extended shared paths, additional access points and recreational areas. See **Attachment 2** for the most up to date concept plan for the area.

From mid-2026 through 2027, the project will move into detailed design, building consent, tendering, and construction. Construction will be closely monitored to ensure quality and compliance, culminating in the full delivery of the bridge, underpass, and associated works.

Funding

The current cost estimate for delivering the full project including the bridge, underpass, stream access, erosion management, and cultural elements is approximately \$1.4 million. These figures will continue to be refined through feasibility studies and technical reporting. While \$1.07M of funding allocated through the WBOPDC Long Term Plan 2024-34 provides a critical base, additional funding will be essential to fully realise the project's vision.

On 29 May 2025, the Te Puke Community Board approved a budget of up to \$300,000 from the Community Board Roding Account as a funding contribution to the Waiāri Bridge Area Restoration Project on the condition that the construction of a shared-use bridge over the Waiari is a priority within the project.

Next Steps

The WKAG Operations Group will meet with BTW Company following the WKAG meeting on 11 June. The visit will include a site walk of the Waiari Bridge area, introductions, and kōrero to help establish a positive and productive partnership.

9.3 Waiari Kaitiaki Advisory Group Cultural Recognition update

File Number: A18217664

Author: Kelvin Hill, **Manager:** Water Infrastructure Outcomes

Authoriser: Wally Potts, **Acting General Manager:** Infrastructure

PURPOSE OF THE REPORT

1. To provide an update on the status of the seven cultural recognition actions, since the last Waiari Kaitiaki Advisory Group (WKAG) 12 March 2025 at TCC offices.

RECOMMENDATIONS

That the Waiāri Kaitiaki Advisory Group:

- (a) Receives the report "Waiari Kaitiaki Advisory Group Cultural Recognition update June 2025".
- (b) Accepts the revised priority list for Waiari cultural recognition actions.
- (c) Agrees to appoint Toi Takapū to develop the cultural recognition artworks
- (d) Endorses WBOPDC plan for the Waiari Bridge area improvements

EXECUTIVE SUMMARY

2. The Waiari Ops Group have met and further defined the priority of the cultural recognition actions, with an action plan for the short/medium- and long-term actions for the priority initiatives.
3. Noel Mahia has taken over from Luke Whare as the representative from Waitaha, as Luke has moved into another role in Waitaha. We welcome Noel to his first WKAG meeting.
4. Budget

WBOPDC \$1.07M funding through the 2024-34 Long Term Plan for the Waiari Bridge Area Restoration Project.

TCC \$250,000 2024/25 budget
\$250,000 2025/2026 budget
\$250,000 2026/2027 budget

Other sources of funding (externally) will also be investigated for specific projects, eg. Regenerative Programmes.

It should be noted that while the current budgets allow for development of the seven cultural initiatives over the short term, further support funding will be required over the longer-term period.

5. The seven cultural recognition initiatives agreed by the WKAG:

Mauri Model Application	In Progress
Rest Area Restoration (Waiāri Bridge)	WBOPDC Leading
Tohu Māori - Storytelling cultural interpretation options	In Progress
River Access Points	Priority lowered

Regeneration Programmes	Planning underway
Education and Employment Pathways	Longer Term Activity
Waiāri Water Supply for Iwi	Meeting to be set up

The WKAG Ops group held a wānanga at the end of February 2025 to agree priorities of the above seven initiatives in the next 2-3 years. Below are the revised priorities agreed by the WKAG Ops Group and associated action plans. The action plans will be updated each reporting cycle to reflect status. Several of the activities below have blank spaces that will be populated in the coming months as development plans evolve

Priority after WKAG Ops Group Wananga

- Tohu Māori Storytelling
- Waiari Bridge Restoration
- Regeneration Programmes
- Education and Employment Pathways
- Mauri model
- Access to water
- Rivers access points

Action	Who	When
<p>Tohu Māori Storytelling</p> <p>WKAG Ops Group working with Adrenalin Group who have worked with WBOPDC previously on developing video stories for iwi and Council websites to tell the local stories around the history of the Waiari and its importance to the area.</p> <p>WKAG Ops Group also working with Toi Takapū, artist collaboration with Tapuika artists Jo'el Komene, Dean Flavell and Noel McAllister re cultural recognition artwork development.
